2013	
Avg Abs Mod	1.7
Students	6

In the example above, raw scores of 20 awarded by the school were moderated down 3 points by the IB, raw scores of 18 did not change after moderation, and scores of 15 were moderated up 1 point. No student had a raw score of 19, 17, or 16. The table begins with the highest raw score awarded and ends with the lowest.

"Avg Abs Mod" stands for Average Absolute Moderation, the average number of points all students' scores were moderated, regardless of direction.
